

Withee Malcolm Architects win award for project

The four-story condominium project sits atop 5,300 square feet of ground floor retail and one level of subterranean parking. The 62 available units are part of a pedestrian-friendly mixed-use redevelopment area slated to include residential and retail expansion and restaurants.

LONG BEACH - Withee Malcolm Architects has won a Gold Nugget Award for "Best Attached Housing Project" for its mixed-use Pacifica project on the Long Beach Promenade.

The Gold Nuggets Awards honor creative achievements in architectural design and land use planning for residential, commercial and industrial projects.

Withee Malcolm Architects serves clients in the residential and commercial industrial markets throughout the West from offices in Torrance and San Diego.

Over the years, the firm has won a number of design awards for its work from organizations including the Urban Land Institute, the National Association of Home Builders and the Pacific Coast Builders Conference.

A public-private venture with the Long Beach Redevelopment Agency, Pacifica is a mixed-use development on an urban infill site in the heart of Long Beach's Promenade District Redevelopment Area.
